Access old forum discussions

The Library · https://the-haven.co/docs/access-old-forum-discussions/

In October 2025, we retired the discussion forum to bring all the social activity in The Haven to one place (The Activity Feed). All previous conversations are accessible, but new discussions and replies cannot be added.

If there is a conversation that you would like to continue, it would be great if you introduce it with a new post in the Activity Feed.
