Cancel or pause your membership

*Please note: I've received several emails from people about another service operating under the name "Haven" (an AI Bible app). This website has **nothing to do with that app**.*

If you need to pause or cancel your Haven membership (*this is not the Haven AI Bible app*) for any reason, you can do so through the Subscription Settings. If you pay through PayPal, you will need to cancel automatic payments through your PayPal account. Here is the latest information about how to do that (and to update card details).

If you pay through Stripe, you can cancel your subscription directly through the Subscription Settings page. If you are using the Haven AI Bible Chat App, then you are on the wrong website.

Any problems? Get in touch with me directly, and I'll manually stop your subscription. *Once again, please note that this is NOT the website for the AI Haven Bible app, so don't email me about that.*
