Member Profile Area

Manage Your Profile · https://the-haven.co/docs/member-profile-area/

You can share information and a photo on your profile so that other members can get to know you.

Your profile is accessible through the main menu Café Tab, the avatar menu, and the left sidebar menu.

You will find your personal activity timeline, profile information, photos you've uploaded (and albums to organise them into), your connections with other members, and saved posts from around the site ('bookmarks').
