Send and receive direct messages

The Courtyard · https://the-haven.co/docs/send-and-receive-direct-messages/

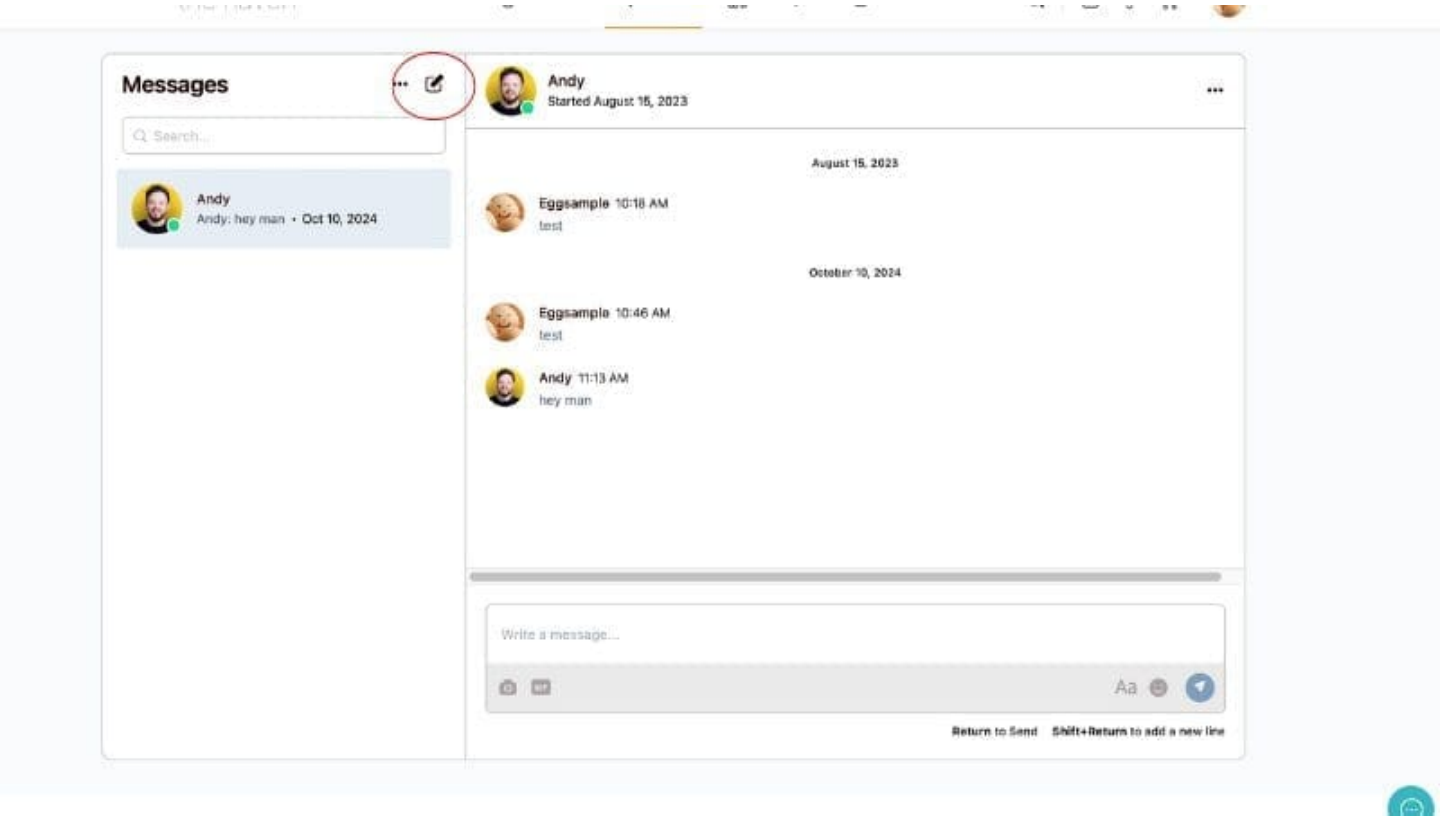

You can send and receive private direct messages with members you are connected to.

When you are connected with another member, you will see the message option under the profile card.

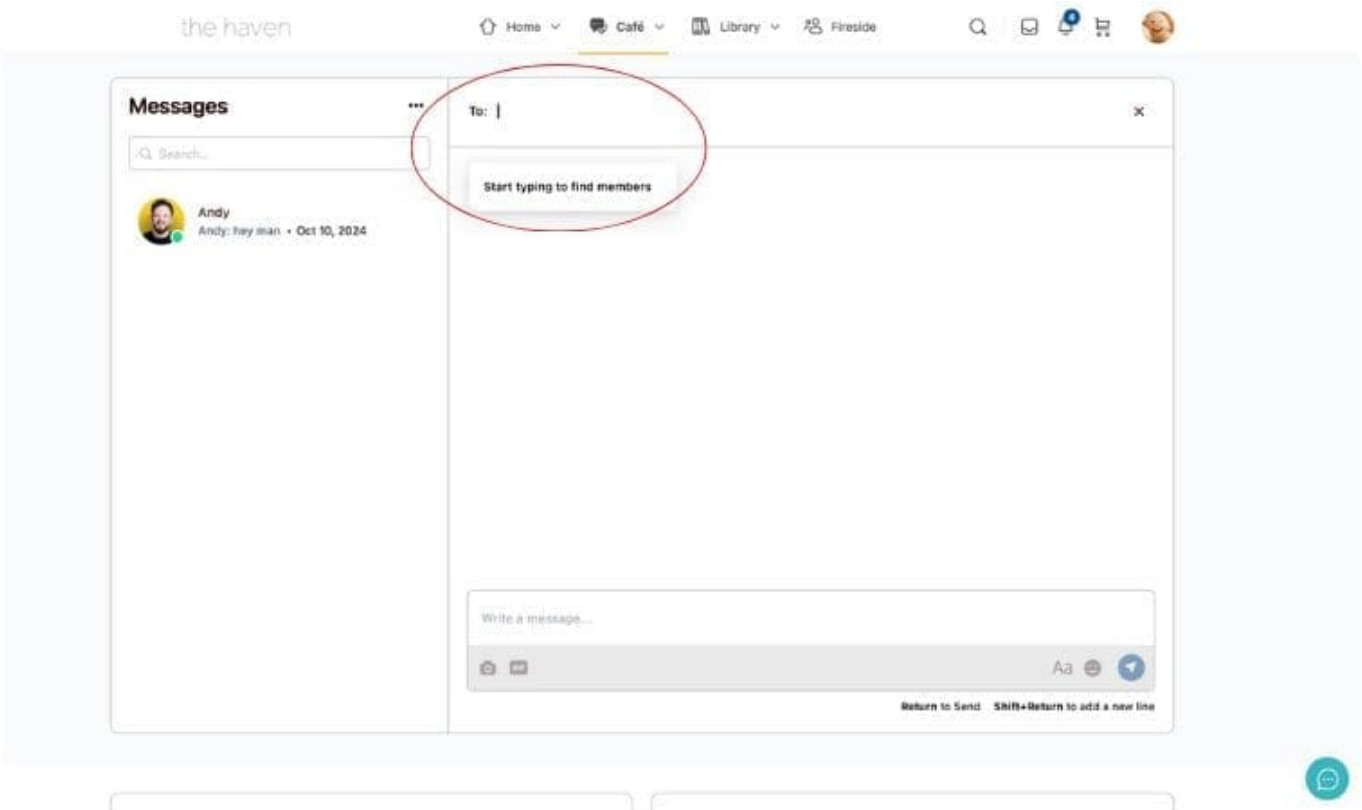

Start a new conversation by clicking the icon in the left-hand section of the messages window.

You can find the member you want to send a message to by typing their name in the "To:" box.

Notifications about unread messages appear as a blue circle in the top bar.
